PLAYING GOLF

I am learning to play golf. I have some new golf clubs and a new golf bag. My parents gave them to me for my birthday. I go to my golf lesson on Saturday mornings. I play golf with my father on Saturday afternoons. It is fun to play golf with my Dad. He helps me with my swing. I really like to putt. I am going to work hard to be a really good golfer. It takes a lot of practice, but I think it is worth it. Golf is a fun sport to play.
